**12. Follow the E-Proctor Exe installation Guide**

**Step 1:**

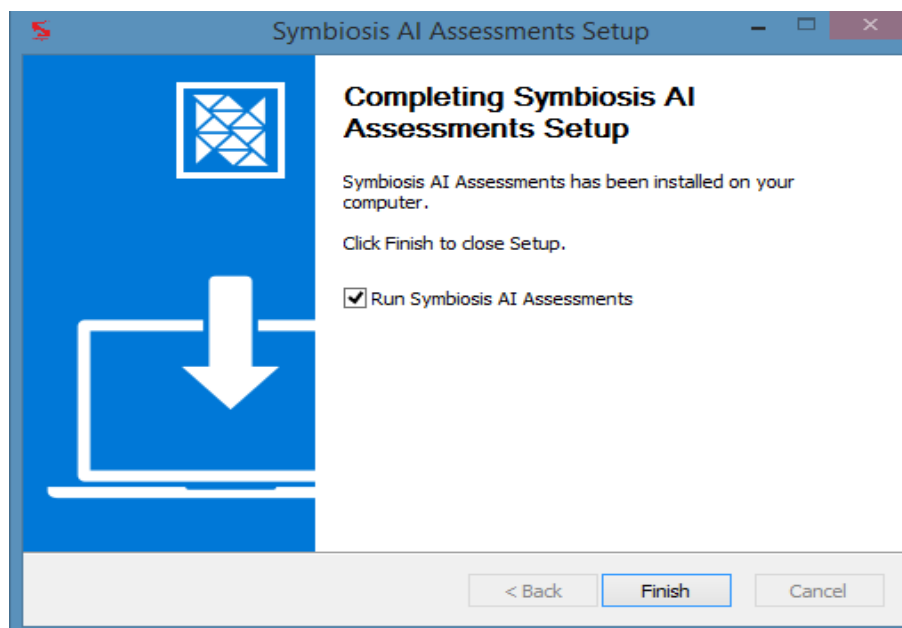

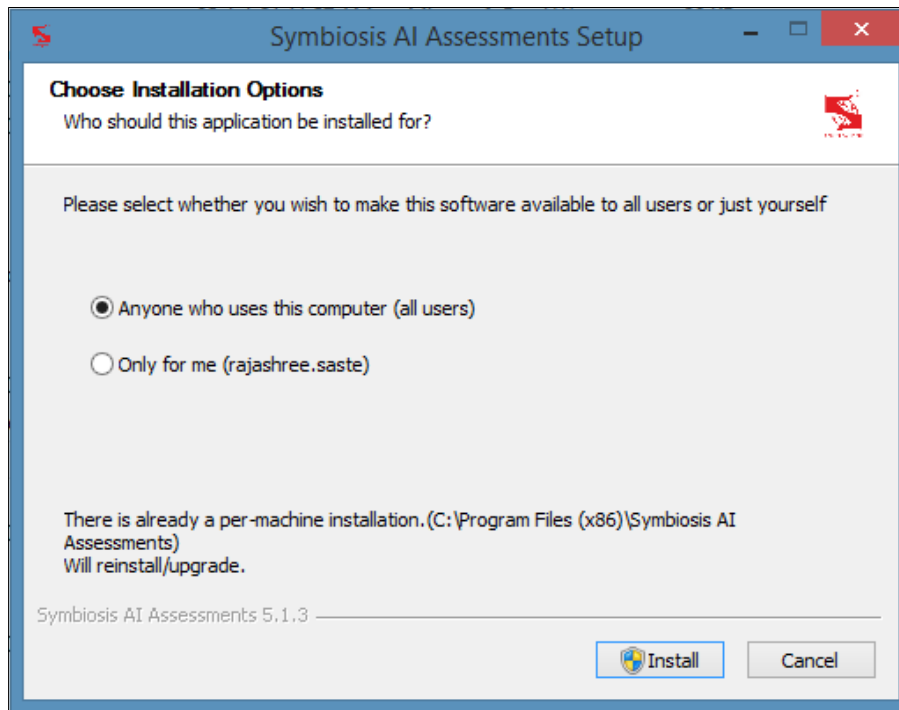

Below mentioned is the URL for downloading secure browser (.exe file) for appearing online proctored exam.

URL: <https://appdownloads.blob.core.windows.net/downloads/Symbiosis.exe>

- Student should download, install & run (.exe file) in system.
- Downloading of the exe is one-time activity
- If you are planning to give the exams from different Desktop PC / Laptop you will have to download the exe on that Desktop PC / Laptop.
- Note: Online Proctored Examination will not work with iOS.

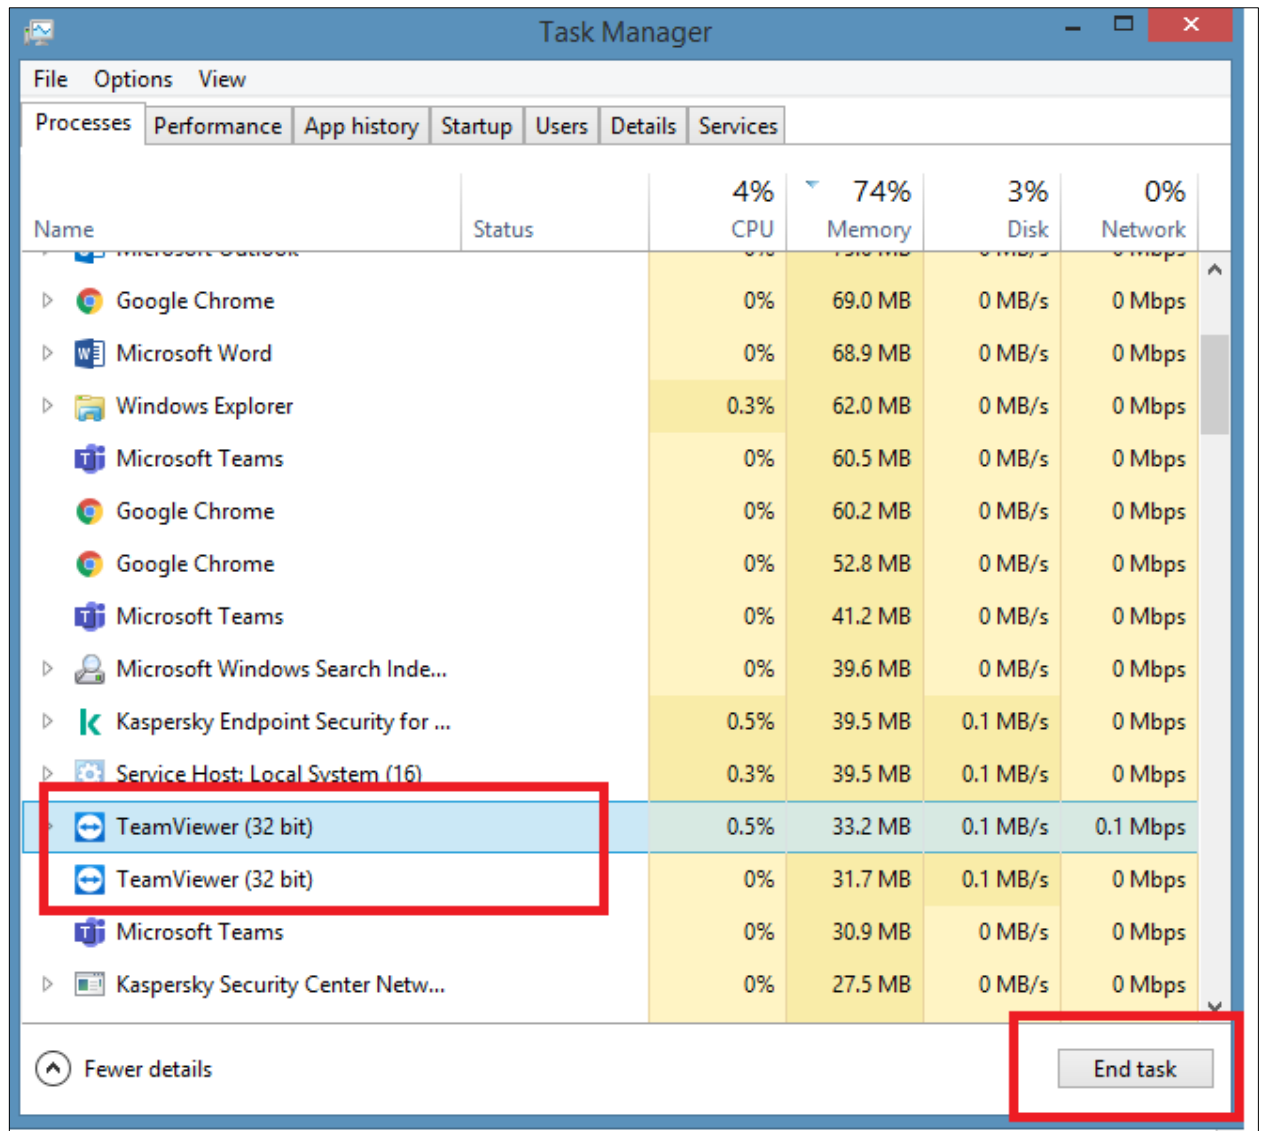

- Students must have Desktop PC / Laptop with an operational webcam & mic to attend the Online Proctored exam.

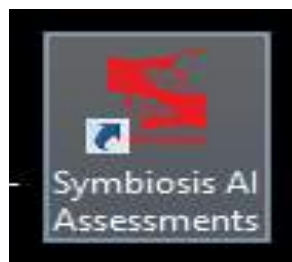

**Step2:**

If Team viewer or AnyDesk is running on the desktop, then close it, also close from the task manager.

For that right click on Taskbar and go to Task Manager and end the Team viewer or AnyDesk task.

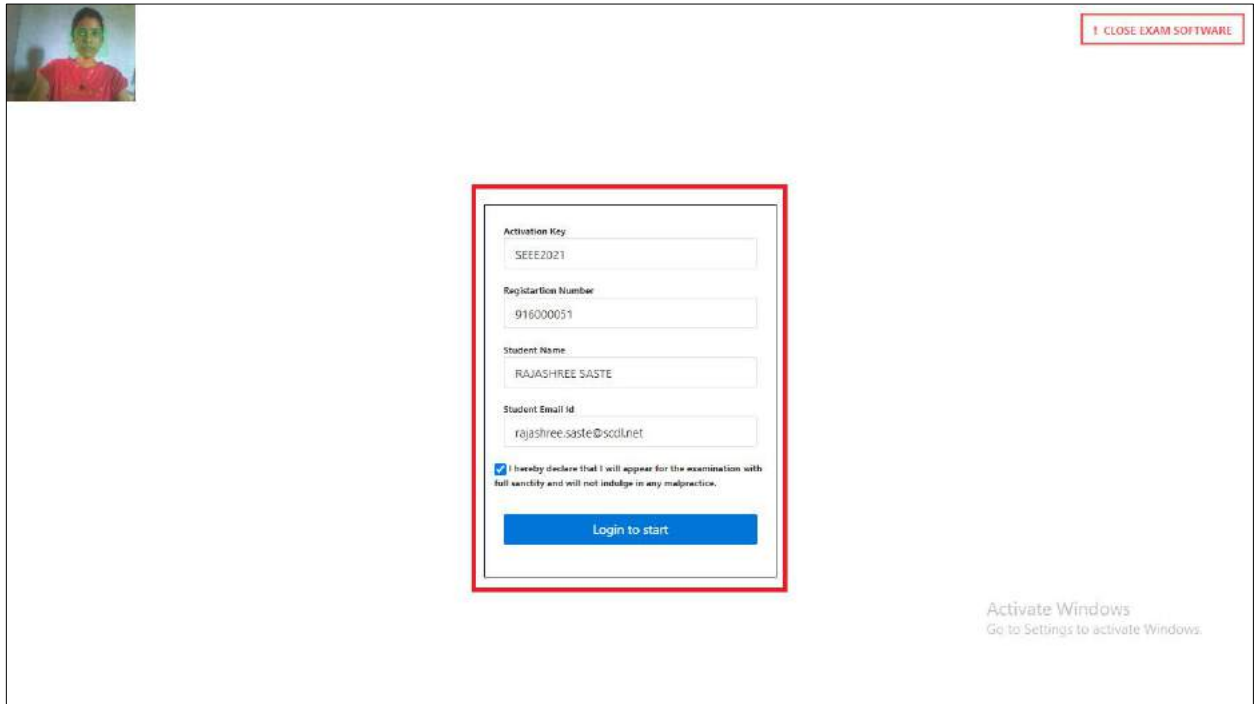

Then Open the exe shortcut created on desktop.

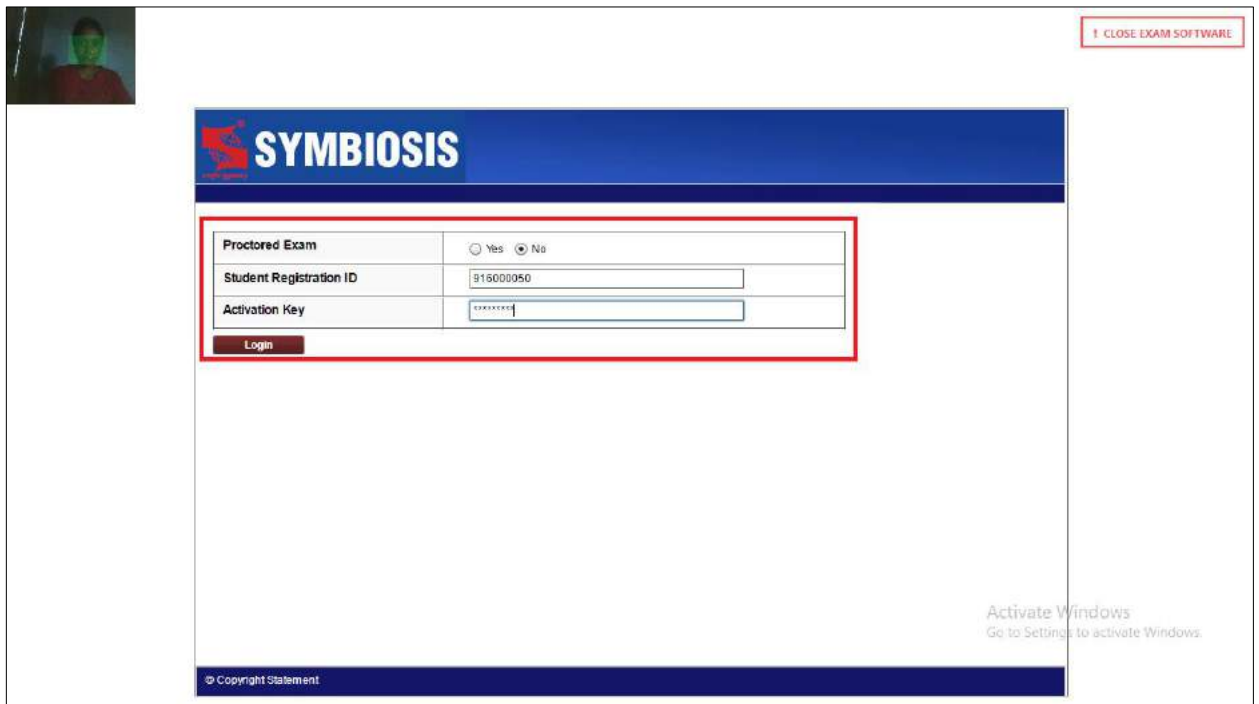

**Step3:**

Filled the correct activation key and all details and login to the e-proctor.

Filled same student id and Activation key for login to the exam.

After Login click on continue button and Read the instructions and start the exam.  
Click on End button to complete the exam.  
Click on close Exam Software.

13. The test gets ended by default after time up.
